

Explore and Tour Clay County - Our clerks are here to help!

In addition to our many court and finance related duties, your Clay County Clerk of Court and Comptroller's Office staff also manage the Historical Archives Center. Fun, free, informative tours are available that include Archives, Old Jail, 1890 Courthouse, TAPS Military Monument, main Clay County Courthouse and more. Clerk Green invites you to celebrate our shared history. We collaborate with our school system, civic groups, and county colleagues to host events, highlight historic sites, conduct research, provide public speakers and create displays.
