

Our Archives Center houses records dating back to the 1850s and thousands of photos, too. Let our archivists help you with your research! Call 904-371-0027.

We encourage everyone to explore and tour Clay County's courthouses and historic sites!

In addition to our court and finance related duties, our staff manages the Historical Archives Center and partners with our Judiciary and other community members to facilitate the Clerk's Public Tour Program. FREE tours are available that cover the Archives, Old Jail, 1890 Court-house, TAPS Military Monument, main Clay County Courthouse, and more. We invite you to celebrate our shared history. We collaborate with our school system, civic groups, and county colleagues to host events at historic sites, to conduct research, provide speakers, and create public displays. Come explore and tour with us! Visit clayclerk.com (keywords Community Outreach) for more info or email inquiries to clayarchives@clayclerk.com.

Tara Sigman

Clerk of Court
and Comptroller
